Cathy: Do we need a road map for this project for entry into final design and any associated actions, steps such as LONP's. The two lists can provide several of the items necessary to move the project into the next phase and should also include items such as a risk assessment, PMP for final design with all the associated plans, PMOC spot reports on technical capacity and capability, FMOC Spot report on Financial capacity etc with submittal, review and approval dates, etc. Would you work with HQ and PMOC and the grantee to come up with a road map that can then be monitored on a monthly basis? Thanks.

Nadeem S. Tahir, P.E., CCM.

Subject: RE: Honolulu Conference Call

Attached is an annotated agenda for the pre-call tomorrow and an update of the PE Requirements Matrix from the City (this version supersedes the one included as Attachment A of the Agenda). The purpose of the call on Wednesday with the City is to obtain an update on key items. Therefore, this "cheat sheet" is admittedly not as detailed as is typical for a Quarterly Meeting.

Thanks,

Timothy L. Mantych, P.E. (MO, IL)

Jacobs
